Details about holding day-time receptions at Michael's:

A Brunch reception can be **less expensive than an evening reception** because it is shorter in duration, guests do not always expect hors d'oeuvres, your menu can be less formal and the bar tab or beverages offered can run much less than a 5 or 6 hour event on a Saturday night. For day-time receptions also having the wedding ceremony with us, we even discount the charge for the ceremony!

Some day-time receptions still plan for a DJ while others skip a DJ altogether and just play background and dance music with a ipod or android playlist over our speakers for a \$100.00 speaker use charge (day-time price) If you intend for only background music with no formal dancing at all, no bridal party dances or open dancing, you can use a tablet with very small speakers for light music of your own choice.

To use our DJ, there is a 3 hour minimum. 3 hours of a professional DJ coordinating your formal and open dances is \$650.00 plus tax. You can do a 3 hour dancing package if you are skipping the formal introductions and just want light cocktail music in your room before the dancing music portion of the event. Most day-time receptions plan for a four hour event in total (including the ceremony) For example, short ceremony at 11:30am, (introductions at 11:55am if planned) brunch buffet served at noon, (formal dances at 1:20pm if planned) 1:30pm dance floor opens, event concludes at 3:30pm.

White linen tablecloths, colored linen napkins and white chairs covers and a simple centerpiece are included in the above price quotes.
